Access Control Policy

Magnificentech Solutions Ltd trading as TrustVerify

Owner: Michael Omotayo, Founder and DPO · Review edition, 8 Nov 2026.

Use named accounts, least privilege and multi-factor authentication. Administrator access requires multi-factor authentication. Approve access before use, remove it promptly when no longer needed and review it quarterly. Customer roles and data separation limit access to the right customer. Passwords are stored as strong one-way hashes.

Publication status: proposed public edition awaiting founder approval. Review at least annually and after material change. This document makes no external assurance claim.
