Information Security Policy

Magnificentech Solutions Ltd trading as TrustVerify

Owner: Michael Omotayo, Founder and DPO · Review edition, 8 Nov 2026.

We aim to protect confidentiality, integrity and availability. Our policy requires least privilege, multi-factor authentication, customer-data separation, encryption, minimal data collection and safe testing. Work devices must be kept updated, locked and protected. Important security updates are handled promptly. The founder reviews this policy annually.

Publication status: proposed public edition awaiting founder approval. Review at least annually and after material change. This document makes no external assurance claim.
